PRESIDENT MAY STOP AT COLLEGE

Col. Milner and Corps of Cadets Have Sent Him Special Request to Do So.

College Station, Texas, October 19—

President Taft has been officially invited to make a short stop at the A. and M. College of Texas, and the officers and students are anxious to have him accept the invitation.

The route of the president's train from Houston to Dallas lies through land that composes the property of the A. and M. College of Texas. This being a land grant college of the Federal government it is expected that President Taft will take some interest in the institution, and he has been asked to make a short stop.

Some time ago Col. R. T. Milner, president of the college wrote Col. Cecil A. Lyon, asking that he arrange with President Taft to stop over here for a short time. Col. Lyon is a former student of the institution. This morning at a special meeting of the faculty of the College, Col. R. T. Milner was instructed to convey to the president of the United States, by wire an invitation to make a short stop here and see the cadet corps. This telegram was sent to the president at the Taft ranch today.

This morning the Cadet corps took action requesting a visit by the president, and the following telegram was sent to him at the Taft ranch, by Cadet Lieutenant Colonel Ward:

"Hon. Wm. H. Taft, President, Taft Ranch—Eight hundred cadets of the A. and M. College of Texas, enjoying the educational benefits of a government land grant, urge you to stop with them for a few minutes while passing through, enroute from Houston to Dallas. A. L. Ward, cadet colonel Cadet Corps.

In addition to this Prof. C. H. Alvord, who knows personally manager

J. F. Green of the Taft ranch, has written to Mr. Green asking that he make personal request of the president to stop for a few moments at the College.

GAME WITH LOUISIANA OFF.

Pelicans Wanted to Bring Their Own Referee and Farmers Would Not Stand for It.

College Station, Texas, Oct. 19—

Because the manager of the football team of the Louisiana State University insisted upon bringing a man named Halligan from the Pelican state, to referee the game to be played with the A. and M. College of Texas, next Thursday, at College Station, Pelicans will not come to this college.

According to those who are here who know the situation in Louisiana, the Louisiana State carries Halligan along for the referee purpose. They had him in the game last Saturday with the A. and M. of Louisiana, and they wanted him on all occasions. There are officers of the A. and M. College of Texas who have come from Louisiana, who advised the Texas boys against playing with Halligan as referee, and Manager Eversberg refused to accept him.

The A. and M. College had secured officials for the game from neutral territory. The proposed officials were men who are not connected with

a school, and it was proposed to put the matter up to the Louisiana team to accept these but the Pelicans wanted Halligan or no one and the manager and the coach here would not agree, so the game is off.

Next Saturday the A. and M. will meet the Haskell Indians. The Indians will come flushed with the victory they won from the University of Texas last Saturday in Dallas, and will endeavor to take the A. and M. boys down the line. A. and M. is ready for the fray. Coach Moran is busy with his practice every day. He is putting the best men forward, and he is getting good results in practice. The spirit of the college is aroused, and all hopes are now depending on the result of the game with the University of Texas in November at Houston.

ATTENTION K. P.'s.

There will be a regular meeting of the lodge tonight at 8 o'clock sharp. A good attendance is earnestly requested.
